

# EMPOWERING STUDENTS TO THINK OUTSIDE THE BOX

▶ **Amidović Biljana**

▶ May 8<sup>th</sup>, 2021

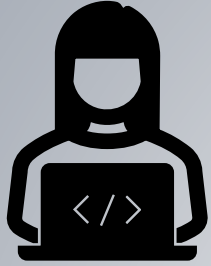

# overview

-introduction: adapting to new way of teaching

-websites for publishing students' material – best practices

-videos by students

-conclusion: reversal of roles to master the content

# TRADITIONAL VS ONLINE TEACHER

- ❖ *how to initiate, stimulate and boost students' motivation,*
- ❖ *how to startle their initiative, to find their creativity and individuality*
- ❖ *how to develop their critical thinking*

*engage your students in creating online material, research, share*

# solutions

- ❖ the implementation of active learning in which you are transforming your students from knowledge consumers into knowledge producers
- ❖ give your students the opportunity
  - to be responsible,
  - to become owners or authors of any kind of material, project or idea

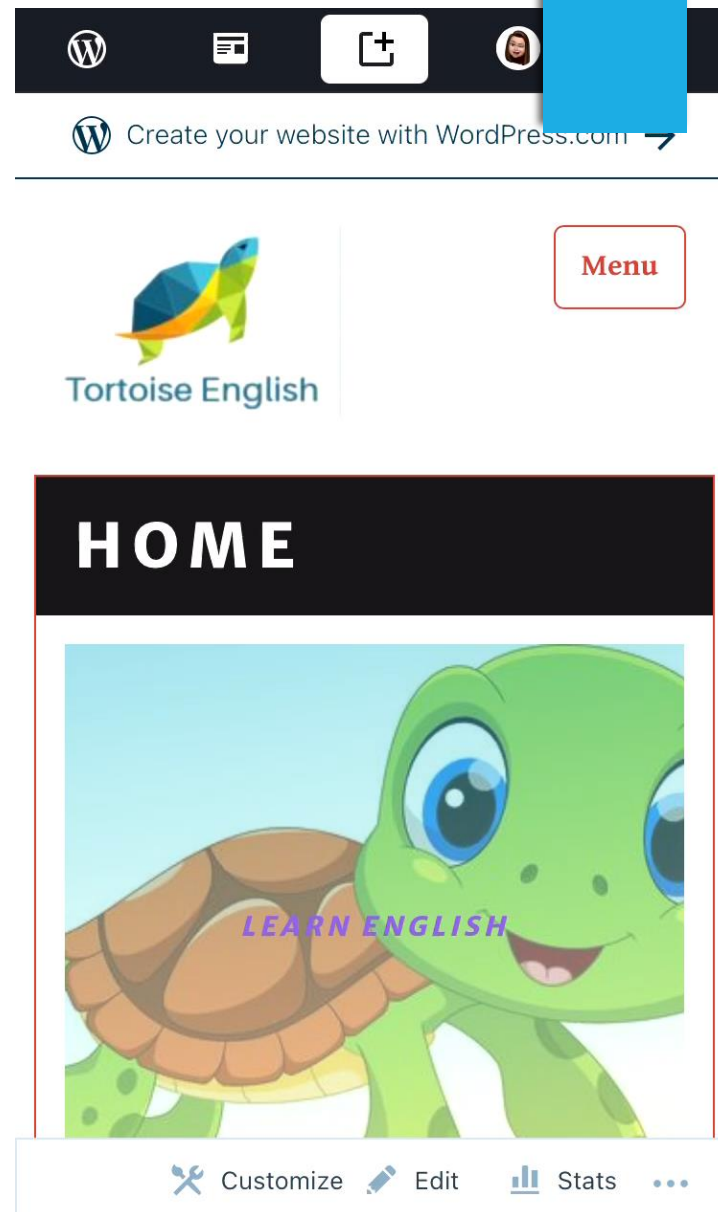

# WEBSITE
