"PenPal Schools was an eye-opening experience that got my students thinking about the world in a new way."

Iris Chiu
Junior High School English Teacher
Taiwan

"PenPal Schools helps develop student reading and writing in a relevant global context. My students love it."

Stephen Blan
Middle School Social Studies Teacher
USA

"My students cared much more about the quality of their work because they were writing to their peers in another country."

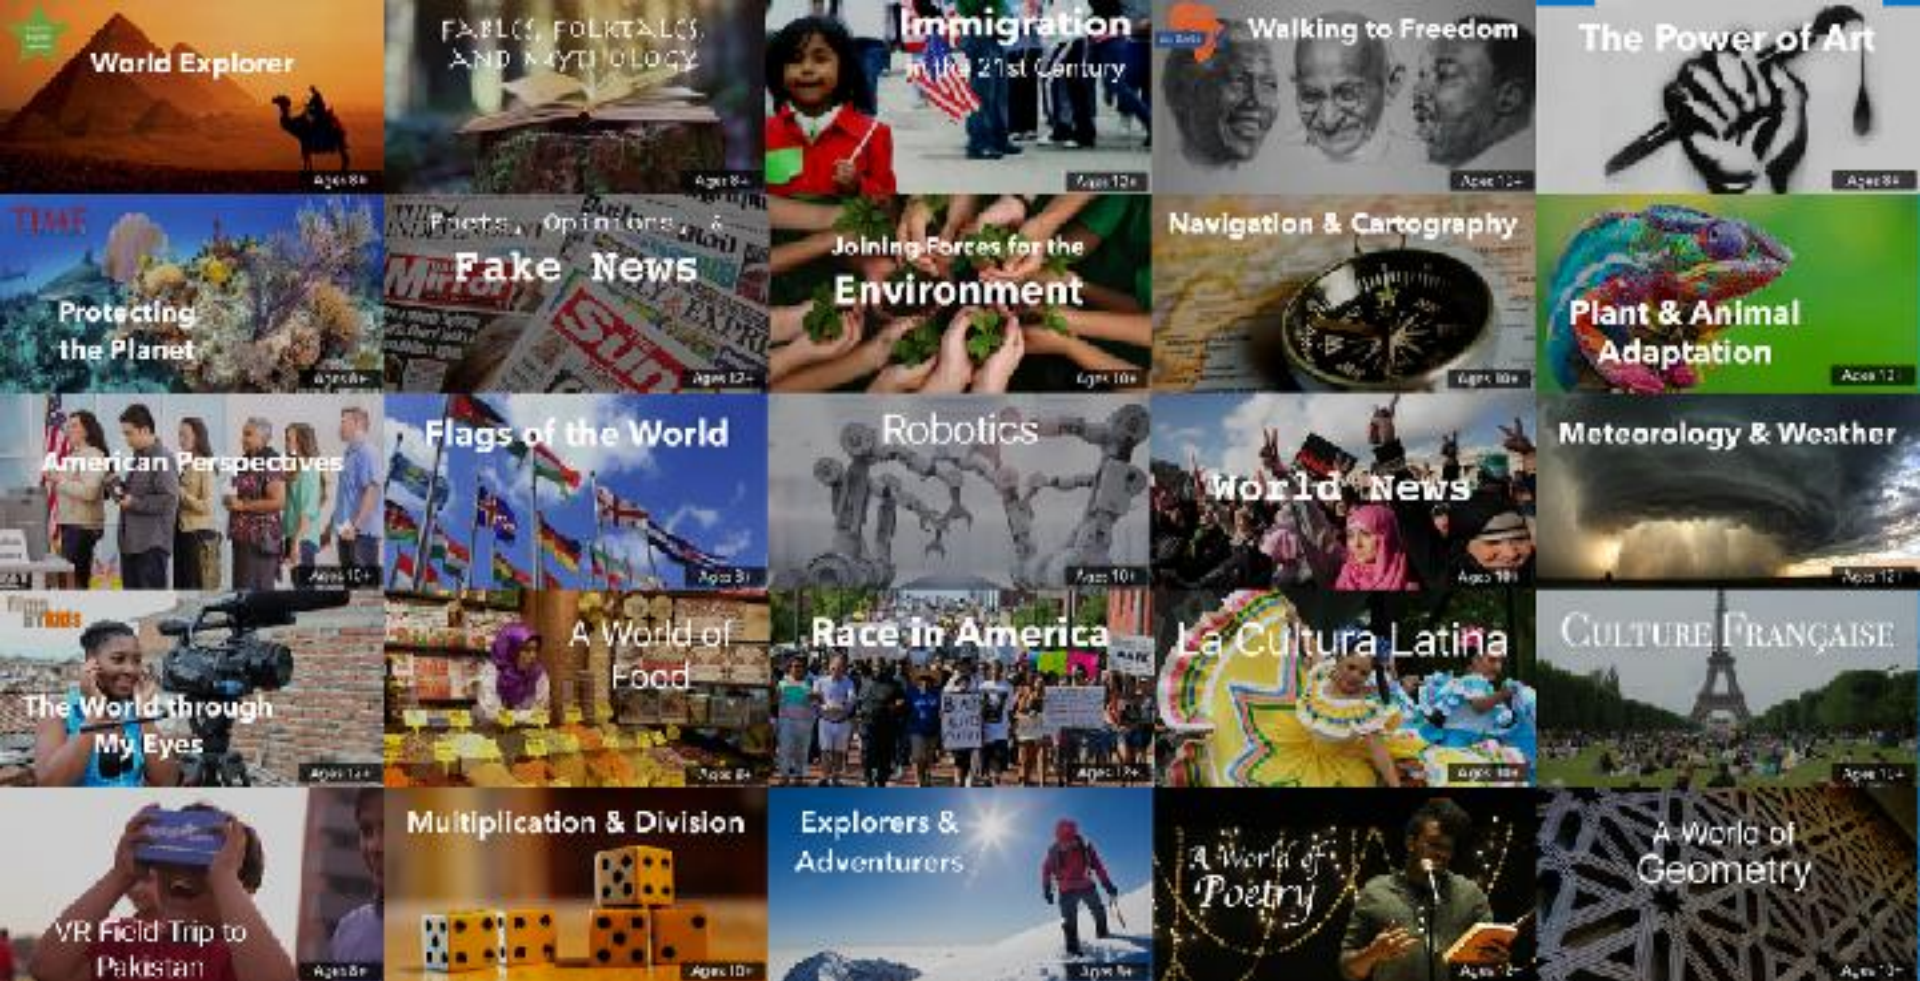

Suzan Zizan
High School English Teacher
Lebanon

Students publish their work and receive feedback from a global audience.

Checkout a sample student showcase.

Topics are aligned to academic standards to help students...

- Comprehend non-fiction videos and texts
- Support claims with evidence
- Build vocabulary

- Improve spelling, grammar & punctuation
- Improve structure and tone
- Practice writing to an authentic audience

- Navigate the internet
- Protect personal information
- Maintain a positive digital reputation

- Collaborate with peers
- Empathize with different perspectives
- Avoid & resolve conflicts

"Learning has never been so much fun! PenPal Schools provides a new dimension to education where my students learn content while practicing essential skills of communication and collaboration in a global context."

Shafaq Imran
Lahore, Pakistan

"PenPal Schools is an amazing program. Our students had a chance to communicate with students outside of our area while practicing vital reading skills such as finding the main idea of a text and elaborating on the topic with evidence."

Aprilanne Lynch
Chicago, USA

Teacher Dashboard

Teachers can assess student work, share with parents, and connect with other educators from around the world.

Keeping Students Safe

Only students invited by teachers can join.

Teachers can review every message that students send and receive

Students only provide first names - no last names or email addresses
