

# **It's Fine to Combine**

Teaching English in Combined Classes

# Cross the River

Both classes follow the steps across the river. The steps are photos and their task is to say the word for the photo as they step onto it.

# Stop the Bus III

Students write a food word starting with any letter, for example C. Say “Start the bus”.

The student who finishes the first says “Stop the bus!” Students get 1 point for each letter they wrote, the longer the word the bigger the score.

Two points extra for the student who stopped the bus.

# Vanishing Game I

Put a set of toys on the desk for three seconds.

Ask students to close their eyes and remove one of the Toys, The student who guessed the missing toy, gets the toy.

## Catch the Balloon III

Write questions on the balloons, one question each, for example “Do you like peas?” Throw the balloons so that each student can get one. Student answers the question and then throw the balloon to others and grab the other one.

## Guess the Toy I

Students choose a toy from the closed box and guess what the toy is by feeling it through a hole in the box.

## Two Truths and One Lie III

Each student writes three statements about food likes and dislikes, where only two of them are truths. Other students guess which one is a lie.

## The Mole I

A Wordwall activity.

Hit the moles which have got toys on them.

## The Mole III

Hit the moles with the food words on them.

## Odd One Out

Remove the odd toy flashcard out.

# Remember the String III

The first student says a sentence:

I LIKE APPLES

The next one repeats the sentence and adds another food and so on...

# The Wheel I

Spin the wheel and say the word.

# The Food Plane III

The Wordwall Plane with food vocabulary .

# Unwrap the Ball I

The ball goes around the class while music plays.

## Stand up Questions III

Students sit in a circle and hold the food they like on the flashcards in their hand.

One student stands and makes questions, for example:

DO YOU LIKE APPLES?

The one who likes stands up.

## Open the Box I

Open the box and say the toy.

# Let's All Together Count to 20

All students count to 20 in a random order but without overlapping. If they overlap they have to start again.
